

**Southeast Area Motor Coach Association, Inc.**

**Proposed Bylaws Amendments Discussion Points**

**1/16/2017**

**Article II Officers and Administration**

Item 3 reflects term limitations prescribed by FMCA's by laws. It is suggested "No term limits" be inserted for offices of Sr. V.P., Regional V.P.s, Secretary and Treasurer.

We suggest thought be given to intent of term limits, which is to keep new blood, and fresh approaches to chapter business flowing. We must always be encouraging new members to become participative.

We recommend against this proposed amendment.

**Article II Officers and Administration**

Item 6- States only one F or L Number may serve on the Executive Board at the same time.

We feel this is limiting the pool of qualified officer candidates simply because a spouse or partner is already serving in some capacity. Valuable experience gained through association is being wasted by this limitation.

We suggest deleting this item to open up the field of valuable knowledgeable and dedicated candidates.

**Article II Officers and Administration**

Item 8 - Speaks of the process of replacing Executive Board Member vacancies, should they occur mid- term. It is suggested a clarification be inserted specifically speaking of the "Immediate Past Pres."

Since there is never another "Immediate Past Pres." and it is a situational office, not an elected office, we suggest it is not possible to, nor should it be, elect from a slate of nominees.
